How to get your vaccination passport (VaxiCode app)

If not already done, book an appointment at your CLSC/Nursing Station or go to walk-in clinic that is open every Thursday

2 Download the VaxiCode app

Available on App Store & Google Play For Androids (Google Play), search for "VaxiCode", with quotation marks

Don't have a smart phone? Get your QR proof and print it out here: https://covid19.quebec.ca/PreuveVaccinale/en

Don't have a printer? Go to step 5

3 Add your vaccination proof in the app Already have a QR code? Scan it or browse through your pictures if you

saved it in your phone

Don't have a QR code? Click on "Self-service Vaccination Proof Portal" and follow the instructions

> It may take up to 7 days after your second dose before it's accessible in the portal

4 Show the QR code on your VaxiCode app with an ID with a photo

and enjoy attending nonessential places

Don't have photo ID? Go to step 6

Call 1-888-662-7482 and leave a message. Someone will call you back to assist you.

If you don't have a printer, they will figure out a way to help

If you live in or travel to Kuujjuaq, schedule a time to go to Makivik's office to get your beneficiary card with a photo.
