

Procedure for allocating accommodation in the event of short-term emergency (psychosocial emergency and DYP)

Objective: Ensure control of the inventories of fixed assets inventories

1. Housing assigned to public health is made available to clients of social services and the Direction of youth protection of both health centers in communities allowing it. (see attached document no 2)
2. Mr. Martin Careau (martin.careau@ssss.gouv.qc.ca) from UTHC and Mrs. Chantal Laverdure (chantal.laverdure.csi@ssss.gouv.qc.ca) from IHC are the persons responsible for the houses of their respective coast.
3. The house keys are provided by KMHB.
4. After each user, the unit must be cleaned and disinfected according to the public health cleaning and disinfection criteria. (see attached document no 1)
5. The use of the dwelling must be for a short period of time, **sleeping is only allowed if there is a court order.**
6. If the next to last unit is to be used for COVID-19, the house loaned to the health center must be released immediately. Covid-hous@ssss.gouv.qc.ca informs the person responsible for the house and the person responsible for each coast. The latter must ensure that the house is left in good condition, there are no items missing (see attached document no 3) and that cleaning and disinfection have been carried out according to public health criteria. (see attached document no 1)
7. The person responsible for housing sends a confirmation to covid-house@ssss.gouv.qc.ca when the unit is ready to be reused.
8. Following receipt of confirmation by the responsible person, covid-house@ssss.gouv.qc.ca redistributes housing to public health.

- Encl.
1. Cleaning and disinfecting of surfaces for the prevention of COVID-19 in residential or community settings
 2. List of available houses
 3. House equipment list
