

- before departure, with the exception of children aged under one year, they must show proof of a negative result for a COVID-19 test performed within a 72-hour period preceding travel;<sup>1</sup>
  - perform 10-day quarantine upon their arrival if they are not adequately protected<sup>2</sup> against COVID-19, including children under 12 years;
  - undergo a COVID-19 test between the fourth and seventh day after their arrival in the destination community.
- 3) All persons **leaving Kuujjuaq and travelling to the South of the Province** are authorized if they meet the following conditions:
- they do not have any symptoms consistent with COVID-19 (unusual cough, breathing difficulties, fever, loss of sense of smell or taste) and are not identified as COVID-19 cases or case contacts by the Department of Public Health. Otherwise, they are required to travel by special flight.
- 4) The following public measures are in effect for the community of Kuujjuaq:
- Bars, dining rooms of restaurants, churches, the Forum (including the gym), the Adult Education Center and the schools (with the exception of staff for the preparation of educational material), retail stores with the exception of food stores, the youth center, I Care We Care, the sewing center, the Town Hall (for visitors) or any other public place deemed non-essential are closed and all activities non-essential are suspended;
  - Essential services such as groceries stores, garages, bank, hotels, Ungava Tulattavik Health Center, municipal services (electricity, heating, water services), telecommunications, construction and maintenance work deemed essential, essential services offered by regional organizations, community organizations offering services to vulnerable populations (Isuarsivik, women shelter, etc.), daycare services for the children of essential workers as well as the police service remain open;
  - The airport is only open to travelers and people who work there;
  - Public organizations are closed to customers except when it comes to providing an essential service. Measures must then be taken to enforce physical distancing and wearing of a face covering.
  - Teleworking is strongly recommended and only employees providing an essential service should go to the workplace, in compliance with prevention measures;
  - Residents are instructed to cease all visits, including those between family members not living in the same house;
  - Outings on the land among persons living in the same house are permitted;
  - A curfew imposed until further notice. It is forbidden for any person, between 10 p.m. and **6 a.m.**, to be away from their residence, unless they can demonstrate that they are away from this place to obtain essential services or to provide such services.

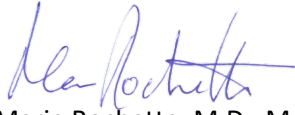

---

1. A child for whom testing is too difficult will not be refused boarding, even in the absence of a test result.

2. A **protected person**, for the purposes of managing travel under the present order, is one who has been immunized for at least 14 days with any combination of two doses of the vaccines MOD COVID-19 (Moderna), PB COVID-19 (Pfizer-BioNTech), AZ COVID-19 (AstraZeneca) or Covishield (SII) or one dose of the vaccine JAN COVID-19 (Janssen)] or one who has been immunized for at least 14 days with one dose of any COVID-19 vaccine available in Canada, after having been infected with COVID-19 as confirmed by a laboratory.

An **unprotected person** is one who does not meet any of the above conditions, who is not immunized or has incomplete immunization.

In case of a change in the current health situation in Nunavik, the Director of Public Health may enact other directives.
